DESTINY

- The world's greatest lie: that at a certain point in our lives we lose control of what's happening to us and our lives become controlled by fate.
- There is one great truth in life: whoever you are and whatever it is that you do, when you really want something it's because that thing originated in the soul of the universe.
- To realize one's destiny is a person's only real obligation.
- Those who fail are seeking out the treasure of their destiny without seeking to actually live their destiny.

FAVORABILITY

- The principle of favorability: there is a force that wants you to realize your destiny. It wets your appetite with the taste of success.
- Life truly is generous to those who pursue their destiny.
- When each day is the same as the next, it's because people fail to recognize the good things that happen in their lives every day the sun rises.

PURSUE YOUR HEART

- All things are one and when you want something all the universe conspires in helping you achieve it.
- All things are the manifestation of one thing only: your master work.
- It's only those who are persistent and willing to study things deeply who achieve their master work.

The Universal Language

THE LANGUAGE WITHOUT WORDS

- Intuition is a sudden emersion of the soul into the universal current of life where the history of all people is connected and we are able to know everything.
- The principle that governs all things: When you want something with all your heart that's when you are closest to the soul of the universe.
- One is loved it because one is loved. No reason is needed for loving.

LIFE ATTRACTS LIFE

- Everything on earth is continuously being transformed because the earth is alive.
- Alchemists spent so much time by the fire trying to find the soul of the universe that gradually they gave up vanities of the world. They discovered in doing so they purified not the metals but themselves.
- The elixir of life is so simple that it can be written on the surface of an emerald.

THE SOUL OF THE WORLD IS MADE WITH LOVE

- When you are loved you can do anything in creation.
- The soul of the world will either be better or worse depending if we become better or worse.
- The soul of the world is part of the soul of God and the soul of God is your own soul. You can perform miracles.
- Happiness can be found in a grain of sand in the desert because even a grain of sand is a moment of creation.
- The soul of the universe is built by people's happiness.

Discover Your Treasure

FOLLOW THE OMENS

- In order to find your treasure you must follow the omens. God has prepared a path for everyone to follow, you just have to read the omen that He has left for you.
- On your way to your destiny you will learn everything you need to know and experience everything you may dream of.
- When you are truly searching for your treasure, you will find things along the way that you never thought you would discover or thought were possible to achieve.

TRIALS AND TRIBULATIONS

- Before your dream is realized the soul of the world tests everything you have learned along the way.
- Every search begins with beginner's luck and every search ends with the victor being severely tested.
- You must love the desert but never trust it completely because the desert tests all men and challenges his every step and kills those who become distracted.
- The fear of suffering is worse than the suffering itself.

THE TREASURE IS WITHIN YOU

- Every person on earth has a treasure that awaits them.
- When you are truly searching for your treasure, every day will be luminous because every hour is part of the dream to find it.
- When you poses great treasures within you and try to tell others of them, seldom are you believed.
